

# Don't Say Shit

## Ugk

Hold up, smoke somethin' bitch, uh, uh  
Everybody want to know why the airplane was late  
I was waitin' for whitey to get my fuckin' paper straight  
I'm an Underground King, nigga let my nuts hang, nigga  
Sayin' I'm only in [Incomprehensible], ain't no thang  
Nigga, everybody rappin' like they ballin' and they rich  
I see 'em in the streets, I ain't believin' that shit  
They diamonds ain't shinin' and they Rolex ain't real  
While I'm grippin' on the grain, sippin' lean and poppin' pills  
Fuck how them bitches feel, I'm workin' wood wheel  
In a 2000 Seville, your step daddy can get killed  
If he keeps talkin' shit, ain't no thang to get hit  
On your video you trill, on your record you tryin' to diss  
But everywhere we go, we represent the South  
For them niggas and them girls with them golds in they mouth  
The boys with them P's and O's in they house  
It's all about the trill, bitch you ain't what this about, about  
When you see me on the street, nigga don't say shit  
Blowin' big on the sweep, nigga don't say shit  
Everybody want the ice and everybody want to ball  
But everybody ain't trill so we ain't fuckin' with y'all  
When I see you at the show, nigga don't say shit  
Actin' bad with ya ho, nigga don't say shit  
Everybody want the ice and everybody want to ball  
But everybody ain't trill so we ain't fuckin' with y'all  
Say, nigga ain't got shit to hide, I ain't got nothin' to prove  
We ain't got nothin' to gain but I got everythin' to lose  
So I'm forever bring the blues to the issue  
Pick and choose if I miss ya, stick and move when I diss ya  
Disapprove we can get ya and your bullshit, I be the same  
The game will never be the same, it was made for me to gain  
You see the thangs for me to name I go by, so fly, oh my  
Flow fly, dope my, wait awhile you know why? Why?  
Too many niggas pop collars and drop dollars, baby ballin'  
Bullshitter, frontin' like rottweilers, no bark, no bite  
But showin' thangs, talkin' loud like they knowin' thangs  
I'm from Texas nigga, all we do is blow them thangs  
Fuck your clique, your corner, your city, your last name  
Stuck in the fast lane, [Incomprehensible] your ass mane

Bask at the light, blast at the day, blast at the night  
Got your ass in a fight, it ain't no passin' tonight  
When you see me on the street, nigga don't say shit  
Blowin' big on the sweep, nigga don't say shit  
Everybody want the ice and everybody want to ball  
But everybody ain't trill so we ain't fuckin' with y'all  
When I see you at the show, nigga don't say shit  
Actin' bad with ya ho, nigga don't say shit  
Everybody want the ice and everybody want to ball  
But everybody ain't trill so we ain't fuckin' with y'all  
People waitin', some be hatin', I'll be shakin', they'll be fakin'  
Waitin' for me to fall but yet they comin' off the wall  
Till I'm ready, keep the gun steady and ready  
For anybody crossin' the line with get that fuck shit  
I got a [Incomprehensible], got a hoe, got a trunk with the funk  
Got the radio on pump when I come through a slump  
Remember me, The one that had your back up in the club  
Remember me, The one that bring you on and show you love  
Remember me, The one that rolled by deep in a Cadillina  
With a rusty ass niner lookin' for trouble  
So what? I know the same streets you know  
Yeah, so what? I go the same places you go  
I got the mark in my skin so you know my set  
I'm the heart, you the place, I'm always first, you always late  
I'm the king in these streets till the muthafuckin' end  
So you fuck with me, you gotta fuck with my friend  
When you see me on the street, nigga don't say shit  
Blowin' big on the sweep, nigga don't say shit  
Everybody want the ice and everybody want to ball  
But everybody ain't trill so we ain't fuckin' with y'all  
When I see you at the show, nigga don't say shit  
Actin' bad with ya ho, nigga don't say shit  
Everybody want the ice and everybody want to ball  
But everybody ain't trill so we ain't fuckin' with y'all  
When you see me on the street, nigga  
And when I see at the show, nigga  
And when I blowin' on the sweep, nigga  
And when I cookin' with ya ho, nigga don't say shit
