

# Less Than Whole

## Big Kenny

The grey clouds have departed  
The stars light up the night  
Now I can see through darkness  
The rivers shine with life  
I've waded through the waters  
My soul is coming clean  
I've held my breath forever  
But now it's time to breathe  
There's nothing like forgiveness  
To resurrect a soul  
Better to give then get it  
I've been forgiven so I'm letting ya know  
Ain't nobody should be less than whole  
So many broken people  
Their hearts forgot to beat  
Grown numb no one forgiven  
Go on forgive yourself  
I say go on forgive yourself

There's nothing like forgiveness  
To resurrect a soul  
Better to give then get it  
I've been forgiven so I'm letting ya know  
Ain't nobody should be less than whole  
Hey la de da, Hey la de da  
Hey la de da, Hey la de da  
No there's nothing like forgiveness  
To resurrect a broken soul  
It's even better to give than to get it  
And I've been forgiven so I should know  
There's nothing like forgiveness  
To resurrect a soul  
Better to give then get it  
I've been forgiven so I should know  
I've been forgiven so I'm letting ya know  
Ain't nobody should be less than whole  
Hey la de da, Hey la de da  
Hey la de da, Hey la de da
