

# Not My Girl

## Sawyer Fredericks

Walked cross the street  
To your house  
Knocked on the door  
To see who was around  
You came to answer  
Well, I know you're not my girl  
But it still hurts to see you  
With someone else.

I was running  
For a long time  
Then the sun shined in my eyes  
And I had to stop  
And think about my life.  
I was mad, I was sad, I was feeling bad.  
Cause I know you're not my girl  
But it still hurts to see you  
With someone else  
Well I know you're not my girl  
But it still hurts to see you  
With someone else.

Said I'm sorry  
I was only a friend to you  
And I'm sorry  
I was too scared to make my move.

Well I know you're not my girl  
But it still hurts to see you  
With someone else.  
Well I know you're not my girl  
But it still hurts to see you  
With someone else  
Someone else  
Someone else  
Someone else.

And I  
Walked cross the street  
To your house

Knocked on the door  
To see who was around  
You came to answer  
Well, I know you're not my girl  
But it still hurts to see you  
With someone else  
Someone else  
Someone else  
Someone else.
