

# You Stay With Me

## Ricky Martin

Met you underneath the moon  
The night was over much too soon  
We shared a kiss till daylight came  
And kissed the night goodbye  
When the sun came up that day  
We smiled and went our separate ways

But I can't leave the thought of you behind, noOhh oh, you stay with me, you stay with me

    Ohh oh, in my heart and on my mind  
    Ohh oh, like a melody that keeps haunting me  
    Ohh oh, you stayI look inside the small cafes  
    And hope by chance I'll see your face  
    I hear your voice and realize  
    It's just the summer wind  
    Something in your eyes that night  
    Swept away this heart of mine

Now I just want you in my arms again, ohOhh oh, you stay with me, stay with me

    Ohh oh, in my heart and on my mind  
    Ohh oh, like a melody that keeps haunting me  
    Ohh oh, you stayHow was I to know in that one night  
    My whole life would change?

    From the moment I looked in your eyes  
I've never been the sameAnd if I could have one chance to have that

    Moment back again

    I never let it end

I never let it endMet you underneath the moon

    The night was over much too soon  
    We shared a kiss till daylight came  
    And kissed the night goodbye  
    When the sun came up that day  
    We smiled and went our separate ways

But I can't leave the thought of you behindOhh oh, you stay with me, you stay with me

    Ohh oh, in my heart and on my mind  
    Ohh oh, like a melody that keeps haunting me  
        Ohh oh, you stay  
        Ohh oh, you stay  
        Ohh oh, you stay
