

Suckers (Skacoustic) (Best Of)

Reel Big Fish

Hey everybody I've got somethin' to tell it's what I learned from relationship hell
Lust turns to disgust a heart of gold into rust a soft touch to a slap in the
face- it gets old it goes away This one's for all the suckers who still believe in love, this one's for you.
This one's for all the suckers who still believe in love, this one's for you.
It never works but we keep tryin' like fools learning and breaking the rules
At first you're excited then you're less than delighted by the end you wish
they would drop dead it can't last, it's gone so fast This one's for all the suckers who still believe in love, this
one's for you
This one's for all the suckers who still believe in love, this one's for you
