

# Jetpacks Was Yes!

## Periphery

These walls of time release  
My eyes move like the drift  
The cries, they resonate within  
The fabric tears before me  
Break ties between the kin Reaching for a way out of this dream  
I waste my breath ascending  
Fears lead me astray  
The past brings them to be  
Whats left to carry me...But a memory  
The dream endures these lies  
Forever at the edge, left surviving alone Whats left as I wonder  
I've found a world where I am free  
Inside that which is truth The ground upon which I have grown is not the same  
The fears, they've fallen away  
Presently I've found I am not alone in a world of infinity sewn Perceive beyond the seam  
A soul evolves as one
