One More Step

Under The Weather

I'm so I'm so wasted
I can't I can't take it
Ten lines lines that I've dropped
One more and I swear that I'll stopOpen your eyes to see the fear I'm hiding
Open your eyes to see the hate I'm fighting
Open your eyes to see me laying down the rent
In my world of discontentAre you ready to flyDon't you give up on me
'cause all you got is me
And boy you better believe
They're after meI'm afraid afraid of myself
I'm to scared scared to get help
Open your heart to see how hard I'm trying
Open your heart to see that I'm not lying
Open your hear to see me trying to control
All I say and all I knowTake one more step I'll kill myselfI'm not ready for this day
To know god is to know god
is to know you are god
