Looking for Answers

Spock's Beard

I think, I'II give her a call
To see if she's up, it's kinda late
But you know it wouldn't surprise me
If I get her machine againYou see there's a problem I have
And have had for a long, long time
And I wish, I was blind as a bat
'Cause no matter where I'm at
I can see her standing thereI'm still looking for answers
Maybe, I can do better
Or maybe, this is where I'll be for all eternityThis is a torture of sorts
I've seen the reports of my demise
But don't feel sorry for me
It's not like I can see at allShe's the best thing I've had
And have had for a long, long time
But I'm just a freak with a gift
Living in a paradigm shift
My world is changing everywhereI'm still looking for answers
Maybe, I can do better
Or maybe, this is where I'll be for all eternityI'm still looking for answers
Maybe, I can do better
Or maybe, this is it for me
This is where I'll be for all eternityI'm not opposed to being alone, the needle is stuck
My penance was made by my run out of luck
And I don't suppose you'd consider changing your mindI promise you it will be different this time
And I don't have nothin' to bring to the table
Oh, no matter what I say, I'll be here forever, forever will be todayI'm still looking for answers
Maybe, I can do better
Or maybe, this is where I'll be for all eternityI'm still looking for answers
Maybe, I can do better
Or maybe, this is it for me
This is where I'll be for all eternityI'm still looking for answers
I'm still looking for answers
I'm still looking for answers
