All About The Sex

Donell Jones

VERSE 1
I got the top pealed back switching lanes doing 60 on the boulevard
In a rush to see "Tender Roni" down ass chick that'll do anything for me
Infatuated cause her heads on track conversation all that plus
baby got back
Female version of a hustler (diva) if I was painting a picture she'd
be my Mona (Lisa)
Heads roll when we do it real big it's like a world premiere
The dark skin version of Brad & Angelina but the opposite of Ike
& Tina (get it)
See what we got is much more than physical in the bed she can
handle that business though
If she was a penitentiary I'd be a lifer proud to wear that ball and
chain and the strips
CHORUS
It ain't all about the sex with her
(I finally found a woman that can rock with me)
It ain't all about the sex with her
(She got her own money dollars signs don't mean a thing)
It ain't all about the sex with her
(But when she put it down she put it down just like I need and I like it)
It ain't all about the sex with her
It ain't all about the sex all about the sex all about the sex
VERSE 2
Babygirl don't be tripping when I wanna hang out with the fella's yo
Never insecure she don't bother she let her better half do
anything he wanna
If she sense something ain't right or if there's a sticky situation

she'll pull a brother to the side
Female version of a hustler (diva) if I was painting a picture she'd
be my Mona (Lisa)
I get drunk off her loven cause it feel so right
If she was a fifth of Hennessey I'd be an alcoholic ain't no rehab in
the world that will make this brother quit
See what we got is much more than physical in the bed she can
handle that business though
If she was a penitentiary I'd be a lifer proud to wear that ball and
chain and the strips

CHORUS
It ain't all about the sex with her
(I finally found a woman that can rock with me)
It ain't all about the sex with her
(She got her own money dollars signs don't mean a thing)
It ain't all about the sex with her
(But when she put it down she put it down just like I need and I like it)
It ain't all about the sex with her
It ain't all about the sex all about the sex all about the sex
BRIDGE
She's the kind of woman that a brother want to give his all too
The kind you want to keep around
Ain't gotta worry about her running out cheating cause she loves ya
You might meet allot of women but this one will hold you down
It ain't all about the sex
BREAK
CHORUS
