

Katie

Jack's Mannequin

katie you're a brave girl, and i know it's only just start, but i'm gonna be there at six with some flowers on sticks that were clipped just to make the weak strong and katie its a strange world where girls can get so broken-hearted and if it were me in the universe i'd get the worst of this gone

katie, katie i'm sorry that in your condition the sun shines been missing, but katie don't believe that it isn't there, and katie, katie be happy this world can be ugly, but isn't it beautiful we're not really here, and we're really not there, we're really not there

katie you're a brave girl, and courage is something i'll need now, 'cause it's been a hell of a day i spent fading away, we all fade sometimes i believe, and katie it's a strange world as i watch the tables get turned around, and you've got the strength that i lost in a thought that would carry me

katie, katie i'm sorry that in your condition the sun shines been missing, but katie don't believe that it isn't there, and katie, katie be happy this world can be ugly, but isn't it beautiful, we're not really here, and we're really not there

whoa

whoa

it's not the end of the world, it's not the end of the world, it's not the end of the world, 'cause the cops wouldn't break up this party

katie, katie i'm sorry that in my condition the sun shines been missing, but katie i don't believe that it isn't there, and katie, katie be happy this world can be ugly, but isn't it beautiful, we're not really here, and we're really not there, and i said we're not really here, and we're really not there, we're really not there

katie you're a brave girl, and i know it's only just started
