Mistakes

Light Up The Sky

Please tell me why
We are so back and forth
Why havent we found the answers yet
Why havent we found themYoure so blinded by your own truth
You cant see in from the outside
But youve only got yourself to blame
And I cant help you anymoreYou couldnt be farther from the truth
Just look at what you becomeOur mistakes make us humanHow long have you been feeling this
That doesnt mean that we cant be saved
These feelings mean nothing if
Your heart doesnt feel the same
OhHow long have you been feeling this
That doesnt mean that we cant be saved
These feelings mean nothing if
Your heart doesnt feel the same
OhWhy are you so cold
Its probably from the lies that you told
Just know Ill never forget you
Ill never forget you
OhI dont need your answers
I found them myself
I found them myself
I dont need your answersAnd our mistakes are what makes us human
And i dont want you to fall after meAnd our mistakes are what makes us human
And i dont want you to fall after me
(after me x4)And i dont want you to fall after me
(after me x3)And i dont want you to fall after me
(after me)Dont make the same mistakes that I have made
Im calling your name
Can you hear my voice
Can you hear my voice
Can you hear my voice
