Breakthrough

Lemonade Mouth

Ooh yeah, hmm, breakthrough
Up, down, spinnin' all around
Fly high, fall into the ground
Sometimes dreams can feel so far away
Time keeps skippin' out of beat
Left, right, trippin' on your feet
Life is like a string of cloudy days
Sometimes it's raisin' your voice
Sometimes it's makin' some noise
Sometimes it's provin' to the world
It was wrong
Whenever you can't see the light
Whenever there's no end in sight
Keep on, keep on movin' on
Keep on movin' on
Here comes a breakthrough, here comes a day
Here comes the moment that you gotta go for it
So don't let it get away
It's all about breakthrough, just turn a page
'Cause everyday you're gettin' closer
Life is just a roller coaster
Shake it 'til you make it 'til the break of dawn
Don't stop 'til you break it out
Shake it 'til you make it 'til the break of dawn
Don't stop 'til you break it out
Stop, still, take another breath
Road block, move it to the left
Get around whatever is in your way
Heartbreak, pick up all the pieces
Don't stop dancin' in the bleachers
It's gonna be your turn to play
Gonna be your turn to play
Sometimes it's raisin' your voice
Sometimes it's makin' some noise
Sometimes it's provin' to the world
It was wrong
Whenever you can't see the light
Whenever there's no end in sight
Keep on, keep on movin' on

Keep on movin' on
Here comes a breakthrough, here comes a day
Here comes a moment that you gotta go for it
So don't let it get away
It's all about breakthrough, just turn a page
'Cause everyday you're gettin' closer
Life is just a roller coaster
I can see it in the blind side, movin' through the limelight
Groovin' to the music, I'ma use it when the time's right
Hopin' I can do it through the shadows, I can shine bright
Usually life is only one shot and this is on
Listen to the rhythm we givin' and it will make you
Start pushin' through barriers, it'll take you
Wherever that you wanna go, never too late to
Keep pushin' 'til you breakthrough
Sometimes it's raisin' your voice
Sometimes it's makin' some noise
Sometimes it's provin' to the world
It was wrong
Whenever you can't see the light
Whenever there's no end in sight
Keep on, keep on movin' on
And keep on movin' on
Here comes a breakthrough, here comes a day
Here comes the moment that you gotta go for it
So don't let it get away
It's all about breakthrough, just turn a page
'Cause everyday you're gettin' closer
Life is just a roller coaster
Shake it 'til you make it 'til the break of dawn
Don't stop 'til you break it out
Shake it 'til you make it 'til the break of dawn
Don't stop 'til you break it out
Shake it 'til you make it 'til the break of dawn
Don't stop 'til you break it out
Shake it 'til you make it 'til the break of dawn
Don't stop 'til you break it out
