## Zimmers Hole

He's got a monkey in a blue suit  
That drives his cadillac  
Everyone's in his back pocket  
Things are right on track  
It's gay... so gay  
He's a legend of the black and white  
Duke of the open road  
He'll write you a ticket  
Then, gonna drink his load  
It's gay... so gay  
All i see is full submission, broken will,  
Don't even try  
Cave into a pre-planned future,  
Little pigeon, hear you cry  
He's got a legion in the mid-west  
Hangin' off his every word  
They're slurpin' up the piss  
They're gobblin' the turd  
You're gonna get the bung rush  
While you're going down  
You're gonna "stand and accept it"  
In mario's world of brown  
On more battle i am fighting  
To hold back the tide  
Must unleash the pressure building  
Golden torrents from inside
