You Need Me

Jacquees

I ain't in the business of being all in your business
But tell me how he's treated you now, you now.
Gave him another chance, to do you wrong
Seem like you singing that same old song
And I know I barely know you
But it's so much inside I wanna show you, yeah!Cause he can't he can't love you like love you like love you
Like I want to (I want to), I want to (I want to)
Shawty, you need me, (baby, you need me)
Shawty, you need me, so I'm a tell you ass like this
He can't he can't love you like love you like
Love you like I want to (I want to), I want to (I want to)
Baby, you need me, shawty, you need me
Baby, you need me, yeah yeah yeah yeahDo you see what I see?
A girl that's more than long weave.
Looking for the same love she already gives away.
And I know I'm never on your mind
But could you listen to me this time?
Could you tell me
If that's really where you wanna be?Cause he can't he can't love you like love you like love you
Like I want to (I want to), I want to (I want to)
Shawty, you need me, (baby, you need me)
Shawty, you need me, so I'm a tell you ass like this
He can't he can't love you like love you like
Love you like I want to (I want to), I want to (I want to)
Baby, you need me, shawty, you need me
Baby, you need me, yeah yeah yeah yeahI wanna hold you, kiss you, touch you
Miss you everytime you leave me
Cause you need me.
Don't you want somebody to love you, bad?
I wanna hold you, kiss you, touch you
Miss you everytime you leave me
Cause you need me.
Don't you want somebody to love you, bad?If I don't know anything,
You just might be my everything.
And he don't understand, he don't understand, he don't understand
How to be a man.
So I'm a tell yo ass like thisCause he can't he can't love you like love you like love you
Like I want to (I want to), I want to (I want to)
Shawty, you need me, (baby, you need me)

Shawty, you need me, so I'm a tell you ass like this
He can't he can't love you like love you like
Love you like I want to (I want to), I want to (I want to)
Baby, you need me, shawty, you need me
Baby, you need me, yeah yeah yeah yeah
