Roly Poly

Doug Clark & the Hot Nuts

Oh Roly Poly
Tickle my hole-y
Up my slimy slew.
I drag my balls
Across the halls.
I'm one of the sporting crew.

The first old maid
She up and says
Mineâ€™s as deep as a well
A farm boy slipped on the edge one day
And I never knew he fell

The second old maid
She up and says
Mineâ€™s as big as the moon
A man fell in in January
And didnâ€™t come out â€˜til June

The third old maid
She up and says
Mineâ€™s as big as the sea
The ships sail in, the ships sail out,
And never bother me

The fourth old maid
She up and says
Mineâ€™s as big as loose as a goose
But I can shrink it tight as a trap
with an hour-long douche

The fifth old maid
She up and says
Mineâ€™s down there to please
In and out and all about
Doinâ€™ what comes naturally

The sixth old maid
She up and says
Mineâ€™s as big as a school

Schoolboys gain their knowledge there
But not the Golden Rule
