

Southern Man

Frank Foster

Gettin' back to my roots put my boots down on the bayou,
Me and Paw and a hero me-oh-my-oh
A couple cups of coffee, up and gone with the sun
A big can of crickets man that's my kind of fun
We'll be late for church jerkin perch off of a posted pond
Chorus:
Yeah the kind of life I like livin', is full up with good times
A whole lot of free and easy fits me fine
A good job and a good woman
A little piece of land
Dixie-fied til I die livin' the life of a southern man
