

Baby Stick Around

[Joe Jackson](#)

Come on you people get your dancing shoes on
Reds and yellow and pinks and blues on Too late, too late
To stay home and sit around Purple leopard skin and see-through plastic
Whatever you want, but just make it drastic Too late, too late
To stay home and sit around What you wanna bet
We ain't started yet
Baby, stick around
Baby, stick around Pushin' and shopin' and sweat wet leather
Up and down we go chained together Too late, too late
To stay home and sit around Somebody tellin' me the latest scandals
Somebody steppin' on my plastic sandals Too late, too late
To stay home and sit around What you wanna bet
We ain't started yet
Baby, stick around
Baby, stick around Too late, too late
To stay home and sit around What you wanna bet
We ain't started yet
Baby, stick around
Baby, stick around
