

# All I Got Is Me

## Davina

They are thinkin' they know me

They ain't livin' life for me

They ain't takin' it for me

but they could never be me

If they only knew what i've been goin' through..

they imagine what it's like to be me

they can't see what I see

I live my life grateful for everyday

i think i-i

but im still here.

I been through hell and back

i felt the devil attack.

ive been down the wrong path(gave it back)

now i'm back on track.

i don't deny my past

i know my life's on blast.

but 'till my casket drops, all i got is my damn self!

they wonder what it's like to be me..

you should understand it ain't easy.

i-i finally understand that it ain't you

all i got is me.

You don't know how strong you gotta be until you gotta be, yeah.

you learn what's right from wrong

if you wanna be better, you better, better get your shit together.

Let them bitches rat'cha'

They will never get'cha'.

FUCK WHAT ANYBODY ELSE HAS TO SAAAAAAAY

if you ain't in my gameplaaan i WON'T get PLAYED!

wonder what it's like to be me..

you should understand it ain't easy.

i-i finally understand that it ain't you

all i got is me.

(woooooohoooooooooh 4x )

Just me, myself, and I.

Just me, myself, and I, yeah. 4x
