

# O Girlfriend

## Weezer

I miss you  
And I wonder how you feel about me, too?  
Do you miss the way we would play  
And waste our time away?  
Suddenly, we're apart  
And I can't see you every night  
Though we fight, I love you so much  
Now I can't feel your touch Oh girlfriend  
That's the end  
And I'm lost without your love  
Oh love In your arms  
I was happy as a little boy could be  
Takin' pills and mellowin' out  
Now I just want to shout  
For your love  
'Cause I'm driftin' further from you everyday  
Drivin' by your place every night  
I used to feel alright Oh girlfriend  
That's the end  
And I'm lost without your love  
Oh love Feelin' fancies every night  
When I dreamed to be alright  
Oh love  
Oh love Oh girlfriend  
That's the end  
And I'm lost without your love  
Oh love In your arms  
I was happy as a little boy could be  
Takin' pills and mellowin' out  
Now I just want to shout  
Turu ru ru ru ru ru ru  
Now I just want to shout  
Turu ru ru ru ru ru ru  
Now I just want to shout
