

Breathe

Andrea M

(c) Andrea M

People complain all around
They've got their eyes all looking down
They show me all their battle scars
They try and tell me Life is hard
Well, Iâ€™ve got a secret
All an illusion
Living is easy
Yeah, living is easy

All youâ€™ve gotta do is breathe
Ha ha ha ha
ha ha ha ha
ha ha ha ha
ha ha ha

The air moves in
the air moves through
without permission
without you
it never waits for you to say
"Yeah, I think I'll breathe today"

Yeah Iâ€™ve got a secret
All an illusion
Living is easy
Yeah, living is easy

All youâ€™ve gotta do is breathe
Ha ha ha ha
ha ha ha ha
ha ha ha ha
ha ha ha

The sun still shines the world still spins
Without a Beamer or a Benz
Letâ€™s learn to love the time weâ€™ve got
Lord knows itâ€™s little not a lot
This momentâ€™s all weâ€™re guaranteed

Take it all and let it be
The most that you can make it mean,
Just Breathe

Yeah, I gotta secret
Yeah, you donâ€™t need it
Livin is easy
Livin is easy
All you gotta do is Breathe

The sun still shines the world still spins
Without a beamer or a Benz
Letâ€™s learn to love the time weâ€™ve got
Lord knows itâ€™s little not a lot

All you gotta do is breathe
