Take Over You

Jazmine Sullivan

Usually i let yu take the lead
you seem to like that
when yu hold me down
i tend to fight back
when i really want yu to touch me
(like ive never been touched before)
but tonight im not yur passenger
im your driver
im not shy boy
no ima ride ya
and i know yull love it
cuz im gonna touch ya
(like yu never been touched before)
im gonna get freak for my baby
thats how i let him knw
he makes me happy . .
and i dont need nobody else
but him
and he dnt need nobody else
but me
i wanna get freak for my baby
thats how i let him knw
he makes me happy . .
and i dont need nobody else
but him
and he dnt need nobody else
but me
i wanna take over you
i wanna make love
i wanna take over you
i wanna make love
? ? half of me
and theres no where else id rather be
than here with you
oh sweet music (oh sweet music)
and it makes me happy
just to knw i make you happy . .
so tonight i wanna celebrate
dedicate

(my love too you)

i wanna take over you
i wanna make love
i wanna take over you
i wanna make love
Let me take care of yu
rub yur feet and yur shoulders too
thats the least i can do
just to show yu
that i appreciate
and i love the way
that yu make me feel
baby its real
im gonna get freak for my baby
thats how i let him knw
he makes me happy . .
and i dont need nobody else
but him
and he dnt need nobody else
but me
i wanna get freak for my baby
thats how i let him knw
he makes me happy . .
and i dont need nobody else
but him
and he dnt need nobody else
but me
i wanna take over you
i wanna make love
i wanna take over you
i wanna make love
i wanna take over you
i wanna make love
i wanna take over you
i wanna make love
i wanna take over you
i wanna make love
i wanna take over you
i wanna make love
i wanna take over you
i wanna make love
(til fade)
