Impossible

Figurine

I M me if you care
I am so lost without you
I M me if you're there
I am alone, so far from youIt's since so long since I last saw you
Just one kiss and you were off to
Your new career, so far from meI could tell deep in your eyes
That you were ready for a brand new life
Without me by your sideInstant message conversations
Are filled with empty exclamations
Twelve point text cannot replace
Five minutes with you face to faceGeneva is such a cold, cold front
I'm sorry if this comes out wrong
But I met someone new today
Long distance love is not my thingI M me if you care
I am about to give up hope
I M if you need a friend
I am still here to type to you
If you want me to
I don't want you to
