

The Dada Polka

The Magnetic Fields

People of Earth, when you dance, dance the Dada Polka

Life is only a dream

When in the mood for romance dance the Dada Polka

Be as cute as you seem Gyrate like a gyroscope

Collide like a kaleidoscope, freeze Do something, anything

Do something please People of Earth don't just stand there

The Dada Polka is as fun as it sounds

Move hips and hands when the band plays the Dada Polka

You may lose a few pounds Gyrate like a gyroscope

Collide like a kaleidoscope, change Do something, anything

Do something strange People of Mars you too must do the Dada Polka

It's the meaning of life

Fill any partner with lust, do the Dada Polka

Soon there'll be a new wife Gyrate like a gyroscope

Collide like a kaleidoscope, do Do something, anything

Do something blue Do something, anything

Do something a little out of character, it won't kill you

Do something, anything

Do something true
