Insane Clown Posse

Ain't nobody jealous, everybody has they own
Nobody locked up, everybody, everybody is free to roam
Lookin' at scrubby with a hottie on his side
Lookin' at rich kids, poor kids,
Everybody together on the same side
And they down to ride
Lets go all the way
(Let's go all the way)
Let's go all the way
Let's go all the way
Ain't nobody left out, everybody gets to go
It can never be too crowded, come on, we still pickin' up some more
Don't nobody hate you, playa hate you,
There ain't no hate at all
Gotta million hands to catch you cause they'll catch you
And they never will let you fall
And we gotta worry all of ya'll
Lets go all the way
(Let's go all the way)
Let's go all the way
Let's go all the way
Never known sickness, no sickness, nobody has to die
Everything's answered, what didn't then, we'll never have to wonder why
Won't nobody rush you, no pressure, be as long as you wanna be
Can't you guess what this place is,
Your future make it a reality
all you have to do is follow me

Lets go all the way
(Let's go all the way)
Let's go all the way
Let's go all the way
[repeats until song ends]
