## Insane Clown Posse

Ain't nobody jealous, everybody has they own  
Nobody locked up, everybody, everybody is free to roam  
Lookin' at scrubby with a hottie on his side  
Lookin' at rich kids, poor kids,  
Everybody together on the same side  
And they down to ride  
Lets go all the way  
(Let's go all the way)  
Let's go all the way  
Let's go all the way  
Ain't nobody left out, everybody gets to go  
It can never be too crowded, come on, we still pickin' up some more  
Don't nobody hate you, playa hate you,  
There ain't no hate at all  
Gotta million hands to catch you cause they'll catch you  
And they never will let you fall  
And we gotta worry all of ya'll  
Lets go all the way  
(Let's go all the way)  
Let's go all the way  
Let's go all the way  
Never known sickness, no sickness, nobody has to die  
Everything's answered, what didn't then, we'll never have to wonder why  
Won't nobody rush you, no pressure, be as long as you wanna be  
Can't you guess what this place is,  
Your future make it a reality  
all you have to do is follow me  
  
Lets go all the way  
(Let's go all the way)  
Let's go all the way  
Let's go all the way  
[repeats until song ends]
