

# Haunted

Kelly Clarkson

Louder, louder, the voices in my head  
Whispers taunting, all the things you said  
Faster the days go by and I'm still  
Stuck in this moment of wanting you hereTime in the blink of an eye  
You held my hand, you held me tight  
Now you're gone and I'm still crying  
Shocked, broken, I'm dying insideWhere are you? I need you  
Don't leave me here on my own  
Speak to me, be near me  
I can't survive unless I know you're with meShadows linger only to my eye  
I see you, I feel you, don't leave my side  
It's not fair, just when I found my world  
They took you, they broke you, they tore out your heartI miss you, you hurt me, you left with a smile  
Mistaken, your sadness was hiding inside  
Now all that's left are the pieces to find  
The mystery you kept, the soul behind a guiseWhere are you? I need you  
Don't leave me here on my own  
Speak to me, be near me  
I can't survive unless I know you're with meWhy did you go?  
All these questions run through my mind  
I wish I couldn't feel at all  
Let me be numb, I'm starting to fallWhere are you? I need you  
Don't leave me here on my own  
Speak to me, be near me  
I can't survive unless I know you're with me(Where are you?)  
Where are you? I need you  
Don't leave me here on my ownWhere are you?  
(I can't survive unless I know you're with me)  
You were smiling  
You were smiling  
You were smiling
