

# Frustrated

Crystal Lewis

Frustrated, aggravated  
Each time I fall  
Frustrated, simply stated  
Wait on His callThe walls are closing in around me  
I know you feel the same way too  
He's never left me since He found me  
The only light that's shining through  
(You've got to hang on a little longer)  
If I can hang on a little longer  
(He's making our bond a little stronger)  
He's making our bond a little strongerFrustrated, aggravated  
Each time I fall, oh  
Frustrated, oh, simply stated  
Wait on His callYour life is like a roller-coaster  
Climbing to the very top  
I think there's something you should know, sir  
You're headed for the deepest drop  
(You've got to hang on a little longer)  
If you can hang on a little longer  
(He's making our bond a little stronger)  
He's making your bond a little strongerFrustrated, aggravated  
Each time you fall, oh  
Frustrated, simply stated  
Wait on His callFrustrated, aggravated  
Each time we fall, oh  
Frustrated, yeah, simply stated  
Wait on His call, oh(Hang on, you've got to hang on a little longer)  
If we can hang on a little longer  
(Hang on, He's making our bond a little stronger)  
He'll be making our bond a little strongerFrustrated, aggravated  
Each time I fall, oh  
Frustrated, yeah, simply stated  
Wait on His call, ohFrustrated, aggravated  
Each time you fall, yeah  
Frustrated, oh, simply stated  
Wait on His callFrustrated, aggravated  
Each time we fall  
Frustrated, simply stated  
Wait on His call
