

# Half a Kiss

## The Babe Rainbow

There's a song about a phase...  
The accidental phase  
Of two moons lonely all the time  
I defend June, when September turned her head  
And 'new' was all that she saidWhat in the world is going on  
All we have to do is get along  
(Bum, ba, ba, da dum)  
I want to float like life has just begun  
Half a kiss leaves me coldAnd the poor little flower who always get's picked  
Fell from the stars, and told me this  
The weight of the world is love,  
watching you watch me sinking too fast  
When the dawn comes in through the night, to be with you  
Sleep deep, love of mine  
Half a kiss leaves me cold
