

# Save Your Love

## Jefferson Starship

Go on out and gain the world  
But don't you lose your soul  
While you're trying Your truth is changing every day  
But your heart will let you  
Know when you're lying Well, you're running, running from me now  
Running like you've got a race to win  
Now you tell me our romance is over  
Time for you to start again Save your love and tenderness  
Don't get lost in bitterness  
Save the dreams  
You had when we started Do the things you have to do  
But don't forget the love we knew  
Don't lose your love  
'Cause we've parted You say you can't tell right from wrong  
Confusion's pulled the reins tight in your soul  
You think it's all going to make sense  
That accomplishments are gonna make you whole Following, following confusion  
Running from someone who looks like me  
Stop and take a look inside you  
Now you tell me who it is you see Save your love and tenderness  
Don't get lost in bitterness  
Save the dreams  
You had when we started Do the things you have to do  
But don't forget the love we knew  
Don't lose your love  
'Cause we've parted Save your love  
Save your love  
Save your love
