Reconciliation

Buzzcocks

Been contemplating lately what you mean to me
You are the one I care about, the only one I love
And though we may be separated by the sea
It's still just you I'm dreaming of, you must believe mePara siempre means forever
And I intend to keep that promise, you knowI have this dream of yearning, burning in my heart
Of how goos things still would be
If we made a brand new start
Seven empty days fill weeks tough months become years
But I still cherish memories of romantic beersAnd so I'll tell you something you already know
Para siempre means forever
I still intend to keep that promise, you knowWhat I want is reconciliation
This separation's more than I can bear
Don't wanna be alone, my love is guaranteed
I want to know that you still careAnd so I'll tell you something you already know
Para siempre means forever
I still intend to keep that promise, you knowNo need to be alone
Your love is all I need
Just say the word and I'll be there
