

# No Fucking Joke

## Send More Paramedics

Human imbecile  
Mortal moron  
You say it's so cool  
You think it's such fun  
Can't you use your brain  
While you've still got one?  
From where I'm standing  
Dead don't look so dumb...Yeah well I know a way how to show you that it's real  
I'll wipe that stupid fucking smile off your fucking face  
I'll show you what it's like to fucking feel  
The pain of being dead, every fucking day  
'Cause you and your amigos, you think that it's a joke  
A reason to be cheerful, to smile and to laugh  
If I were you I'd make a point of not standing too close:  
I'd relish nothing better than to sever you in half!Human imbecile  
Mortal moron  
You say it's so cool

Can't you use your brain

A reason to be cheerful, to smile and to laugh  
If I were you I'd make a point of not standing too close:  
I'd relish nothing better than to sever you in half!You think it's pretty hard to be alive these days  
You should try being dead  
You should dieYou should try being dead
