

# Keep It On The Low

IMx

Hey now ladies guess who's back, LDB Romeo and Bat  
For the 99 it's Phat stack, yo, Ra Ra about to rip the track  
You took my heart and ran with it, why you so damn scandalous?  
I found a chick who could handle this, bye, bye love  
'Cause I'm through with this Oh my God what'd I do? I'm caught up in your game with you  
My best friend's girl what a shame why did you play these silly games?  
Try to put the blame on me, I always knew you were a freak  
I seen you looking right away girl you've got a bomb body I should have seen it coming when you stepped to me  
You're like my sis never thought it would be  
But there was something that you did  
When you looked at me That made me wanna get a little bit freaky  
Then I started thinking about my boy, he said  
"What would he do if he knew?  
His homie was creeping with you" Keep it on the low, we never should have did it  
Yo girl, my best friend he can never know  
Get up and get your stuff girl, you must go, keep it on the low  
We never should have did it yo girl, my best friend  
He can never know, oh, oh, oh Oh no, can't talk to you take it to the source what I can not do  
Gotta stop, cause every night all of this stuff ain't worth the fight  
My homie comes first that's how it goes can't keep dealing  
With you silly hoes, buying your stuff and playing the role  
Baby, I don't need you, no, no I should have seen it coming when you stepped to me  
You're like my sis never thought it would be  
But there was something that you did  
When you looked at me That made me wanna get a little bit freaky  
Then I started thinking about my boy, he said  
"What would he do if he knew?  
His homie was creeping with you" Keep it on the low, we never should have did it  
Yo girl, my best friend he can never know  
Get up and get your stuff girl, you must go, keep it on the low  
We never should have did it yo girl, my best friend  
He can never know, oh, oh, oh Isn't that your curiosity, doesn't mean a thing to me  
As I reach for the sky there's no need for me to lie  
'Cause my love for him is strong  
I must hold on Immature come on dance with me  
Romeo, Batman, LDB  
Everybody come on dance with me  
Yeah, come on, come on, dance with me Can't forget Chris B-Z  
Everybody in the house dance with me

Everybody in the house dance with me  
Come on, come on, come on, come on  
Keep it on the low, we never should have did it  
Yo girl, my best friend he can never know  
Get up and get your stuff girl, you must go, keep it on the low  
We never should have did it yo girl, my best friend  
He can never know, oh, oh, oh  
Keep it on the low, we never should have did it  
Yo girl, my best friend he can never know  
Get up and get your stuff girl, you must go, keep it on the low  
We never should have did it yo girl, my best friend  
He can never know, oh, oh, oh  
Keep it on the low, we never should have did it  
Yo girl, my best friend he can never know  
Get up and get your stuff girl, you must go, keep it on the low  
We never should have did it yo girl, my best friend  
He can never know, oh, oh, oh
