Nods to Nothing

None More Black

Make the killing and wipe the blade,
As it exits out my brain.
Anti-social middle name.
Save it. So c'mon c'mon!Safty first and ego last.
Can't compete with half a chance.
Anti-social middle name. C'mon c'mon.
Whoa... it must be someone.
Cause i think that everyone thinks im a bastard.
Whoa... think I'll stay home,
With a tough episode.
Why go when I'm safe at home?Whats the closures of the door?
Back to war, I slide the floor.
All the socials I ignore.
Wasted... So c'mon c'mon!Save the first and the last.
Anti-social middle name. C'mon c'mon.
Whoa... it must be someone.
Cause i think that everyone thinks im a bastard.
Whoa... think I'll stay home,
With a tough episode.
Why go when I'm safe at home?
