

We Feel Alone

William Fitzsimmons

Mom and dad parted ways
We were young and got good grades
Trees in yards meant to climb
We left home and never looked behind To feel alone
We feel alone You and I parted ways
I don't think I'll ever see her face
We were joined to our hearts
Meant to hold but we get torn apart To feel alone
To feel alone
We feel alone
To feel alone
We feel alone
