## Sulis

Well, I guess I gotta go now  
Saying farewell until the next time  
But I know we'll meet againSeem so early to be leaving  
Feel so tired just want to sleep now  
Fade awayGabriel  
Am I finished?  
Trapped inside  
You got me in it  
Is it over in a minute?  
GabrielGabriel  
Am I finished?  
Trapped inside  
You got me in it  
Is it over in a minute?  
GabrielHear them in the distance  
Singing so softly  
Oh, so peaceful  
Calling me onBeing drawn in ever closer  
Down towards the cool, calm river  
I can hear their songGabriel  
Am I finished?  
Trapped inside  
You got me in it  
Is it over in a minute?  
GabrielGabriel  
Am I finished?  
Trapped inside  
You got me in it  
Is it over in a minute?  
Gabriel
