

Sexecutioner

Gwar

Sexcuse me
But what good is all the violence in the world
Unless it is tempted with limitless sex?
Bring on the limitless sex objects And now me, sexecutioner
To explain the seriousness of this subject
Now if you would all attend my words
To see, I'm a naughty fellow
In fact, I'm certainly not too very mellow
I come to this place to rear age you face Sexellent
Sexcuse me So you think that you are all very smart?
That you know many words
All you need to know for the rest of your lives Sexecutioner
Sexecutioner
Sexecutioner
(I'm sexecutioning you)
Sexecutioner Tinkers
Sexcuse me After the drink, I am from France
(He is from France)
But when you are in France
You pull down your pants
(You pull down your pants)
And when you are on your knees
(When your on your knees)
You are to do as I please
(You do as he please) Bend over, bend over
And let Satan take over
Give to me the gentle warts
Give to me the golden showers
Give to me the spikey doggy collar
Give to me the domical snow cone Sexellent
Nothing satisfies more than sick sex
Now what is my name? Sexecutioner
Sexecutioner
Sexecutioner
(I'm sexecutioning you)
Sexecutioner Tinkers
Sexcuse me
Innocence
Can we repeat?
