

# Gotta Know the Rules

## Social Distortion

Spent my whole life yeah looking for something  
What it was, I'm not really sure  
I looked for happiness but only found sorrow  
Then I realized how to unlock the door  
Yeah, yeah, yeah So you think, you've got it figured out  
It don't come easy, maybe just for fools  
Some say life is a struggle now  
It's a game now, just gotta know the rules  
Gotta know the rules Most people go through life thinking  
Take what you can and leave the weak behind  
Never stop to think what can you give now  
Too afraid to learn what you might find  
Yeah, yeah, yeah So you think you've got it figured out  
It don't come easy, maybe just for fools  
Some say life is a struggle now  
It's a game now, just gotta know the rules  
Gotta know the rules Spent my whole life yeah doing things my way  
Doing unto others, knowing its wrong  
When's the last time you looked in the mirror?  
When's the last time you liked what you saw?  
Yeah, yeah, yeah So you think you've got it figured out  
It don't come easy, maybe just for fools  
Some say life is a struggle now  
It's a game now, just gotta know the rules  
Gotta know the rules
