

# Radio Bikini

## The Vaccines

Return to bikini on time, to bikini  
Return to bikini on time, to bikini  
We have minds on the rush  
Sandals and socks  
Sentimentally sick  
But you don't be ordering thick  
Just bring me at the end  
Don't you wanna see me?  
I'm an European summer  
Come on, come on, come onReturn to bikini on time, to bikini  
Return to bikini on time, to bikini  
We have minds on the fight  
Commends to that in the booth  
Should be loaded in sun  
But not for everyone  
Just bring me at the end  
Don't you wanna see me?  
I'm an European summer  
Come on, come on, come onReturn to bikini on time, to bikini  
Return to bikini on time, to bikini  
We're minds on the run  
Spend opportunities 'cause  
Spend millions of hurry  
Damn it nobody knows me  
Just bring me at the end  
Don't you wanna see me?  
I'm an European summer  
Come on, come on, come onJust bring me at the end  
Don't you wanna see me?  
It's another endless summer  
Come on, come on, come on
