Pump

Babyjohn

I look at you and I'm ready to pump
Luminous heartthrob ready to jump
Mama's dancing with Jellybone
You better watch out, take you to the freak zone
Pump it up, give it up, turn up the track
Hard kiss, love chain
Pump it up, give it up, turn up the track
Pump! Pump it up, pump it up, yeah
Pump it up, give it up, turn up the track
Pump! I'm a runaway train
Pump it up, give it up, turn up the track
Pump! Pump it up, pump it up
Get serious, get off the phone
Talk to me and make me moan
I said, ?Baby! Lose that phone!?
Rock me down to the Jellybone
Motor running double time
Machine is humming, your body's mine
Dancing in the street and we're having fun
Don't drop the beat electric drum
Chartreuse glow is maxing out
Electric love, electric luau
I'm busting loose, pumping the music
Let's dance, baby, let's dance Jellybone
Pump it up, give it up, turn up the track
Hard kiss, love chain
Pump it up, give it up, turn up the track
Pump! Pump it up, pump it up, yeah
Pump it up, give it up, turn up the track
Pump! I'm a runaway train
Pump it up, give it up, turn up the track
Pump! Pump it up, pump it up
Mama's dancing, electric luau
Barefooting and cahooting
With the wild crowd, with the wild crowd
Yeah, yeah, yeah
Electric eel, that's the feeling
Lines cross, lips heating
Lick my belly, turn to jelly

Spread me thin, I'm in!
I'm in it, I'm on it
I'm in it, I'm on it
I'm out, I'm in
I'm out, I'm in
Shake that jelly, rattle them bones
Dance to the rhythm that'll make you moan
Pump it up, give it up, turn up the track
Hard kiss, love chain
Pump it up, give it up, turn up the track
Pump! Pump it up, pump it up, yeah
Pump it up, give it up, turn up the track
Pump! I'm a runaway train
Pump it up, give it up, turn up the track
Pump! Pump it up, pump it up, yeah
