Drive

Nitzer Ebb

Are you getting dragged in
Sacrifice
Take it to the top
Take you in
Dragging you in
Dragging you inDon't you want to come
Are you frightened of the cars
(Say no)
Up till now
(Sitting in the back)
Picking up your feet
(Sending you back)
Picking on you
Picking on youLet's do it again
You know who's right
You know who's right
Drive it on the edge
Drive it on the edge
Drive it on the edgeAre you looking for hell?
Burn your eyes
Cutting off your words
Burning you out
Begging for help
Begging for help
Begging for helpAre you bringing out the worst
(Say no)
Worse than that
(Sitting in the back)
What's coming over you?
(Setting you back)
Over your head
You're falling fast
(Setting you down)Over your head
(Who can tell)
You're falling fast
Over your head
(Say no)
Picking on you
Cut you up insideDrive it on the edge

Drive it on the edge
Drive it on the edge
Drive it on the edgeAre you coming up for air?
Lift you up, lift you up
Can you get it off your hands
Wiping you dryIs it up to you?
Taping you down
Changing you out
Taping you down
Changing you outCome and get you
Come and get you
Come and get you
Come and get you
Come and get you
Come and get you
Come and get you
