

# Cuddle Up

## Pretty Ricky

Whop, let's not make love  
Let's just cuddle up  
Take me in your arms  
(Take that, take that)  
And squeeze me tighter  
I love it when you next to me  
Got me meltin' like butter from ya body heat  
Spectac got the recipe  
I'mma make you moan girl with the best of me  
You special one of the kind  
Hit the light switch u know that ass mine  
When I'm with you my phone on mute  
When we spendin' Q.T  
Girl it's all about you  
Ain't no limit to the foreplay  
I'mma make you feel good in the right way  
(Ah)  
Get nasty buckets a ice  
I'mma do it slow make you feel nice  
In my arms cuddled up  
Sex so good got you folded up  
Pretty Ricky the kings of romance  
We ain't gon' stop so cancel your plans  
(It's spectac)  
Uh ah, let's not make love  
Let's just cuddle up  
Take me in your arms  
And squeeze me tighter  
My baby don't want to creep with me  
'Cause she wanna sleep  
I hit the club on the late night creep  
Where the ballas be  
Come to my house or just follow me  
To the hotel suite  
Now just chill and relax  
We ain't really really gotta have sex  
(Ooh)  
Let a Bluestar hold you girl  
Got a lot of nice thangs I wanna show you girl

Freakin' Puerto Rican  
That's 24 hours of me and you just freakin'  
I came to chill with my cutie  
My cutie is my duty  
Just chill and relax  
Relax, relax, relax, relax  
(Come on girl )  
Ooh ah, let's not make love  
Let's just cuddle up  
Take me in your arms  
And squeeze me tighter  
All I need is love, all I want is love  
I don't need to the big wedding or the wedding ring  
Boy I'll take the castle made of sand  
If you love me unconditionally  
We ain't gotta me love tonight let's just  
(Cuddle up baby, cuddle up baby)  
Hold you tight in my arms still as  
(Cuddle up baby, cuddle up baby)  
You make me feel so warm when we  
(Cuddle up baby, cuddle up baby)  
Ha, ha, yeah, what's the name of this song ladies  
(Cuddle up baby, cuddle up baby)  
Uh, ah, let's not make love  
Let's just cuddle up  
Take me in your arms  
And squeeze me tighter  
Uh, ah, let's not make love  
Let's just cuddle up  
Take me in your arms  
And squeeze me tighter
