

# As Above, So Below

## Behemoth

I've seen strange signs on my way  
Silent shadows  
Dancing shapes  
And angels fallen on the earth Face up  
And look here  
When the root of thy cannot reach Art thou Nephilim child  
Are ye looking for thy Elysium  
Here among the living trees  
Among the fading stars  
Variability ov forms Sometimes love  
Sometimes sadness ov things  
Sometimes rapture and wine o sabbath  
Sometimes hatred, divine rage  
And 93 rears, no limit  
Beyond the sin-gilgolem Ye taught me the secret words:  
IOA SABAO  
Protect thy Daimon Why, why whisper thoughts  
But might is raised  
When conjurer of seasons  
Hums the song, sorrowful, joyful  
Night is eternal  
And day is eternal  
With runes ov life  
And runes ov death  
As above, so below  
Now it's time ov the beast
