

# Have Some Fun Today

## Imagination Movers

Well I'm?.Gettin? ready, my friends are comin? over.

Everybody, we?ve got some time to play. The sun is shining, we?ve got no where to go.

I think we?re gonna? have some fun today. I think we?re gonna? have some fun today.

We could?sing a new song on my guitar. We?re in outer space, I see a shooting star.

Playin? football in the front yard.

I think we?re gonna? have some fun today. I think we?re gonna? have some fun today.

We could build our own lemonade stand. Or maybe play a game of kick the can.

Catch me if you can.

Watch a movie, make some popcorn. Build a treehouse ?cause we don?t have one.

Catchin? fireflies as the sun goes down.

I think we?re gonna? have some fun today. I think we?re gonna? have some fun today.

Gettin? ready, my friends are comin? over. Everybody, we?re gonna play all day.

The sun is shining, we?ve got no where to go.

All the people in the neighborhood are havin? fun just like they should.

All the people in the neighborhood are havin? fun just like they should.

All the people in the neighborhood are havin? fun just like they should.

All the people in the neighborhood are havin? fun today.

Gettin? ready, my friends are comin? over.

All the people in the neighborhood are havin? fun today.

The sun is shining, we?ve got no where to go.

All the people in the neighborhood are havin? fun today.

I think we?re gonna? have some fun today. I think we?re gonna? have some fun today.
