

# Yes, I Would

## Frightened Rabbit

My cry for a fist-full of sand  
Breathes silence  
Hold me, if only I can see land  
The world just blinks  
Lead me, I'm stupid from a lesson learned  
You've learned nothing  
You told me to get lost to find myself  
First it bleeds then it stops  
I feel like I've been filling up  
Why change if you can't be bad?  
Ahh, ahh, ahh, yes, I would  
Believe me now  
Ahh, ahh, yes, I would  
And I can't sink now  
Ahh, ahh, yes, I would  
But what if I'm never thrown that bone  
And what if this tear in my side just  
Pours and pours and pours  
I wonder if they'd notice that I'm not around  
The loss of a lonely man  
Never makes much of a sound

First it bleeds then it stops  
I feel like I've been filling up  
Why change if you can't be back?  
Ahh, ahh, ahh, yes, I would  
Believe me now  
Ahh, ahh, yes, I would  
And I can't sink now  
Ahh, ahh, yes, I would  
Believe then  
Believe me now  
Ahh, ahh, yes, I would  
Ahh, ahh, yes, I would  
Believe me now  
Ahh, ahh, yes, I would  
And I can't sink now  
Ahh, ahh, yes, I would  
Believe me now

Ahh, ahh, yes, I would  
And I can't sink now  
Ahh, ahh, yes, I would
