

Never Gonna Leave Your Side

[Daniel Bedingfield](#)

I feel like a song without the words, a man without a soul
A bird without its wings, a heart without a home
I feel like a knight without a sword
The sky without the sun 'cos you are the one I feel like a ship beneath the waves, a child that lost its way
A door without a key, a face without a name
I feel like a breath without the air
And every day's the same since you've gone away I gotta have a reason to wake up in the morning
You used to be the one that put a smile on my face
There are no words that could describe how I miss you
And I miss you everyday, yeah And I'm never gonna leave your side
And I'm never gonna leave your side again
Still holding on girl, I won't let you go
'Cos when I'm lying in your arms, I know I'm home They tell me that a man can lose his mind, living in the pain
Recalling times gone by, crying in the rain
You know I've wasted half the time
And I'm on my knees again 'till you come to me, yeah I gotta have a reason to wake up in the morning
Used to be the one that put a smile on my face
There are no words that could describe how I miss you
And I miss you everyday, yeah And I'm never gonna leave your side
And I'm never gonna leave your side again
Still holding on girl, I won't let you go
I lay my head against your heart
I know I'm home, I know I'm home, I know I'm home And I'm never gonna leave your side
And I'm never gonna leave your side again
Still holding on girl, I won't let you go
'Cos when I'm lying in your arms, I know I'm home
