Fire In My Heart

Super Furry Animals

I've got a fire in my heart for you
I've got a fire in my heart for you
I've got a fire in my heart though I'm falling apart
Still I've got a fire in my heart for youI've got pins and needles for you
I've got pins and needles for you
You've got needles and pins and the seven deadly sins
Still I've got a fire in my heart for youI've a butterfly stomach for you
I've a butterfly stomach for you
And as the cars fly by, I just break down and cry
Still I've got a fire in my heart for youWell the monkey puzzle tree has some questions
For the watchdogs of the profane
And I ask is it sad that I'm driving myself mad
Douse this fire in my heart turns blueI've got a fire in my heart for you
I've got a fire in my heart for you
I've got a fire in my heart for you
I've got a fire in my heart for you
