Darkside

Cataldo

Chorus:
Dreamalnds of danger
Darkside pleasures bad behavior
Dreamlands of danger
Darkside pleasures at their best

2x

Punk rock, shell toes horns and halos
Wicked white wings and pointed tails
Devil's eyes and nine inch nails
Nocturnal renegades the internal drug raid
I got by name of Mr. Shify Switchblade
Getting paid in the shade as lyrics ricochet
Of the walls from the ceiling to the floor
Off the door and down the hall
I'm evil like knievel, kicking white trash
Psycho cerebral, palsy ballsy bad -
Dress in black from the wrong side of the tracks
Crazy Town, yo we strike like deep impact

Why can't you see?
I cannot feel til you bring me down
Why can't you see?
I cannot feel til you bring me down
Till you bring me down

Chorus

My subconscience launches me into evil territory
I'm surrounded by voyeures and crack smoking lawyers
No shame, burnt lips, tripping on acid rain
Legally insane, deranged, some people, never change

Why can't you see?
I cannot feel til you bring me down
Why can't you see?
I cannot feel til you bring me down
Till you bring me down

Chorus

Nasty, na na, ha, ha darkside marijuana
Fueled of the drama drifting on the darkside
I'm the black eye bomber
Do what I do on a darkside rendezvous

Raising heck, out the shell of fantasies I never tell
Dispersin' untamed perversion
My bad brain's working circle jerking, rocking riddles
Sex pistol, sexperts acting uncivil

Why can't you see?
I cannot feel til you bring me down
Till you bring me down

Chorus 4x
