If A Song Could Get Me You

Marit Larsen

I could try you with a waltz, I could try rock and roll
I could try you with the blues if a song would do
I could sing it high or low when I let you go, you know
I thought it was for the best, now it is so obvious
So here it is, here it goes, I could try rock and roll
Change your life forever too, if a song could get me you
I could make it high or low, sing it on the radio
If that is what I need to do, if a song could get me you
I could run for miles and miles, I'd take off and I'd start flying
I could cross land and sea if you just believe me
I should not have hurt you so, this old house is not a home
Without you here there's no use, I've got no time left to lose
So here it is, here it goes, I could try rock and roll
Change your life forever too, if a song could get me you
I could make it high or low, sing it on the radio
If that is what I need to do, if a song could get me you
If a song could get me through, I'd sing my way right back to you
Tell me how to make it right, tell me now I'll start tonight
And I know I could make it last
I swear to you that if I knew what I was getting myself into
I wouldn't answer to my fears, I'd never leave you standing there
Just look at me
If you'd only see me I would prove my love for you
I could swallow half the moon
Just tell me where, tell me when I will have you back again
Yeah, here it is, here it goes, I could try rock and roll
Change your life forever too, if a song could get me you
I could make it high or low, sing it on the radio
If that is what I need to do if a song could get me you
Yeah, here it is, here it goes, I could try rock and roll
Change your life forever too, if a song could get me you
I could make it high or low, sing it on the radio
If that is what I need to do if a song could get me you
