

Holy God

[Joann Rosario](#)

Holy God we honor You
Holy God we bless Your name
Holy God we honor You
Holy God we bless Your name Let Your Presence fill this place Mighty God
So that we can be changed by Your glory
As we humble ourselves under Your Mighty hand
Oh, be exalted Holy God we honor You
Holy God we bless Your name Come and drench our hearts with Your rain
As the Holy Spirit gives us power
We surrender everything to You, oh Lord
Be glorified Holy God we honor You
Holy God we bless Your name Bless the Lord, oh my soul
All that is within me bless His name
Bless the Lord, oh my soul
All that is within me bless His name All that is within me bless His name
All that is within me bless His name
You are holy, yes Holy God we honor You
Holy God we bless Your name We honor You, we bless Your name
We love You Lord with everything
We honor You, we bless Your name
We love You Lord with everything Holy God we honor You
Holy God we bless Your name
Holy God we honor You
Holy God we bless Your name Holy God we honor You
Holy God we bless Your name
