Fly Away

4 Strings

I dont know why I came here
But I know I just will stay
Everything they told me
Suddenly fades awaySorry but Im gone
For all the things Ive done
Now that I see life
Before my very eyesI take a walk beneath the waves
It's no ordinary day
I head up high, Im on my way
I fly away
Fly away
(Fly away)You know what matters to me
Im in this wide open space
You offer me so much
I fly away
(Fly away)Here I sit, listening to the rain
Im okay, but not the same
I feel alive on my own
In a place called homeTake a walk, take a walkI take a walk beneath the waves
Its no ordinary day
I head up high, Im on my way
I fly away
Fly away
(Fly away)You know what matters to me
Im in this wide open space
You offer me so much
I fly away
(Fly away)Fly away
(Fly away)
Fly away, fly away
Fly away, fly awayI take a walk beneath the waves
Its no ordinary day
I head up high, Im on my way
I fly away
(Fly)
Fly away
(Fly)I take a walk beneath the waves
Its no ordinary day
I head up high, Im on my way

I fly away
